Under-Packing	10 packages in a neutral bag
Packing	10 neutral bags per carton (100 packages)
Pallet Eur H.250 cm	66 Cartons

Latex auto cloth with a lightly porous surface that guarantees super absorbency. Perfect for washing and drying automobiles, boats, motorcycles, mirrors and all washable household surfaces, efficiently removing even the most resistant grime, without leaving residues or streaks. Long lasting. Always dampen before use.

The perforations make it glide across surfaces.
